rowertmendez@gmail.com | GitHub - P0wertDev

Self-taught front-end web developer with two years of intensive study and hands-on experience working on personal projects. I am currently completing my Advanced Vocational Training (FP) degree in Web Application Development. I am fully committed to pursuing a career in the tech industry, where I am specializing in technologies such as JavaScript, TypeScript, and Node.js. I am dedicated to continuous learning and delivering high-value solutions within professional development teams.

TECHNICAL PROJECTS

Personal Portfolio (p0wertdev.com) — **Seville, Spain**
Personal Project — *February 2025*

- Developed a dynamic personal portfolio using HTML5, CSS3, JavaScript, NodeJS, and ExpressJS.
- Integrated Resend API for automated email handling and Dotenv for secure environment variable management.
- Deployed the application using GitHub and Netlify, leveraging Netlify's backend tools to manage contact form interactions.
- Implemented custom CSS3 animations to enhance user engagement and visual appeal.
